vi. different early childhood services allows educators to see how to build on children's . earlier learning and prepare children for the next educational challenge.

California Preschool Learning Foundations

Early childhood education (ECE; also nursery education) is a branch of education theory which relates to the teaching of little children (formally and informally) from birth up to the age of eight which is traditionally about 3rd grade. It emerged as a field of study during the Enlightenment, particularly in European countries with high literacy rates. ...
