The fundamental theorem of calculus is a theorem that links the concept of differentiating a function with the concept of integrating a function.. The first part of the theorem, sometimes called the first fundamental theorem of calculus, states that one of the antiderivatives (also called indefinite integral), say F , of some function f may be obtained as the integral of f with a variable bound ...

STATE POLICY AND FUNDAMENTAL DUTIES

In finance, a position is the amount of a particular security, commodity or currency held or owned by a person or entity.. In financial trading, a position in a futures contract does not reflect ownership but rather a binding commitment to buy or sell a given number of financial instruments, such as securities, currencies or commodities, for a given price.
